

# State Aviation Project Committee Named as Special Legislature Looms

In anticipation of a call by Governor Earl Warren for a special session of the Legislature, Colonel Alexander R. Heron, State Director of Reconstruction and Reemployment has announced the appointment of a State Aviation Project Committee, which, in cooperation with the Assembly Airports and Aviation Interim Committee, will draft and recommend urgent legislation.

Lloyd Wright, Los Angeles attorney, who was chairman of the State Reconstruction and Reemployment Commission's first aviation project committee, will serve in the same position with the new committee.

In announcing the new committee membership, Colonel Heron said:

"The Commission's former committee on aviation developed and presented several measures to the 1945 regular legislative session. The presentation was made in full cooperation with the Assembly Airports Interim Committee, of which Assemblyman William H. Rosenthal was chairman. For various reasons, the principal measures advocated were not enacted.

"The last session of the Legislature created a new interim committee to study airport projects and aviation. Assemblyman Ernest E. Debs of Los Angeles is chairman of this committee. It is planned to have the new State Aviation Project Committee work closely with this interim committee, making joint recommendations for urgent aviation legislation for presentation to the anticipated special session of the Legislature.

"The great strides made in aviation during the war, together with California's strategic position, both in point of military and civil aviation, make it necessary to develop laws

which will still further aid air transportation."

The members of the new State Aviation Project Committee are: B. M. Doolin, Manager, San Francisco Municipal Airport; Dudley M. Steele, Acme Spring Sash Balance Company, Los Angeles; Norman Larson, Timm-Larson Aircraft Manufacturing Company, Fresno; John A. Pettis, Counsel, California Manufacturers Association, San Francisco; David G. Fleet, Consolidated-Vultee Aircraft Corporation, San Diego; Webb Shadle, attorney, Los Angeles; William B. Smullin, President, Redwood Broadcasting Company, Eureka; Edson G. Thomas, attorney, Salinas; Arthur S. Dudley, Secretary-Manager, Sacramento Chamber of Commerce; A. T. Freible, Chairman, Airports Committee, State Supervisors Association, Imperial; John Lee, President, Menasco Manufacturing Company, Los Angeles; Robert Fenton Craig, Department of Commercial Aviation, University of Southern California.

Advisors to the Committee are: Perry Tait, Transcontinental & Western Air, Inc., Los Angeles; Howard G. Freas, Rate Expert, State Railroad Commission, San Francisco; R. W. F. Schmidt, Superintendent Airports Service, Civil Aeronautics Administration, Santa Monica; Pat Hetherington, Regional Representative, Council of State Governments, San Francisco; Edward P. McCall, Associated Oil Company, San Francisco; and Lawrence A. Harvey, Harvey Machine Company, Los Angeles.

**Local Ration Board Moving To Wilmington**

**CANDIDATE . . .** One of the beauties entered to catch the judges' eyes in the "Mrs. America" beauty contest Sept. 5 in New Jersey was Mrs. Paul Mitchell, representing Minneapolis, Minn. Mrs. Mitchell was cheer leader for the University of Minnesota last year. Her husband, now stationed at the Petuxent, Md., Naval Air Station, was captain of the University of Minnesota football team last year and an All-American tackle.

**Tournament of Roses Parade to Be Resumed in Pasadena on New Year's**

Under the timely theme of "Victory, Unity and Peace" the world famous Tournament of Roses parade will be resumed at Pasadena this coming New Year's Day after a four year war recess.

Tournament civic workers now engaged in building a fine parade of floral bedecked floats representing the many communities in Southern California are determined to make the 57th running of the historic parade one of the most spectacular in history.

Already a dozen or more of the friendly cities of California from San Diego to San Francisco have made formal entries in the 1946 parade and it is anticipated that there will be no less than 50 floats plus hundreds of blooded horses and costumed bands in the line of March New Year's morning.

All of the old time holiday splendor which marked the rose parade and the Rose Bowl football game in the afternoon in prewar days will return this year as the communities of this area combine to send a floral greeting of peace and goodwill to citizens of a war scarred world.

Motion picture coverage of the parade will be made in complete color film so that the spectacle can be enjoyed by those in far distant points in true splendor. Newspapers of the land which have always treated the Tournament of Roses generously because of its non-commercial nature, and the radio networks will again carry the story of this floral extravaganza to the far corners of the world, and to the fighting men remaining on foreign soil.

Reviewing stand builders are preparing thousands of seats along the line of march for Pasadena visitors New Year's Day and numerous committees under Tournament President Charles Strutt are at work on assorted tasks from selecting a Queen to rounding up suitable prizes for the communities entering the best floats.

**MacDonald Appearance In Long Beach Oct. 9**

Jeanette MacDonald, popular singer, and Victor recording favorite, who appears October 9 at the Long Beach Municipal Auditorium is an artist whose voice is heard even in the most remote byways of the world. In a recent letter received from a serviceman in Costa Rica, he related how the natives of a pin-point settlement perched on the edge of a volcano called La Cruz, the proprietor of the store is Chinese. This progressive merchant had managed to assemble, piece by piece, a public address system which he had installed with an old phonograph.

Every evening at dusk he played Jeanette MacDonald's records, and the town's folk gathered to listen. The natives had learned by rote all of Miss MacDonald's records, and would join the chorus with Latin fervor and lots of dropped syllables. The soldier wrote:

"The natives loved her songs and the Chinese owner had her picture all over the store. They had no newspaper and no radio, yet everyone knew Jeanette MacDonald. Her records bring the beauty of song to the lives of these people who have so little."

**Supervisors Get Salary Increase As Of Saturday**

Salaries of members of the Board of Supervisors increased from \$7400 to \$9000 a year Saturday.

The increase was authorized by the last session of the State Legislature, which specified that a county supervisor shall be paid \$5000 a year as a supervisor and \$4000 a year as an official of the Flood Control District.

The task and triumph of Christianity is to make men and nations true and just and upright in all their dealings, and to bring all law, as well as all conduct, into subjection and conformity to the law of God.

—H. J. Van Dyke

# L. A. Schools Up Pay Rates For Cafeteria Help

In an effort to eliminate wage disparities which hampered opening of school cafeterias, the Los Angeles board of education has revised civil service qualifications to permit payment of salaries equal to those received by cafeteria workers last year when the school feeding system was managed by an association. Wage rate for cafeteria helpers also was raised from 65 to 70 cents per hour.

**MINNESOTA PICNIC**

Minnesota State Society President John F. Sinclair has announced "Gophers" and their friends will hold an all day autumn reunion, Saturday, September 22nd, in Sycamore Grove Park, Los Angeles.

# HUNTERS SHOT

Approximately 900 persons are fatally shot each year in hunting mishaps the National Safety Council reports. This is one-third of those accidentally killed by firearms.

# MOTOR VICTIMS

Despite wartime driving restrictions, 2,050 school age children were killed in motor vehicle accidents in 1944. One hundred and ten thousand school age children were injured by motor vehicles last year.

# BIG FIRE LOSS

The National Board of Fire Underwriters estimates that during 1944 over \$400,000,000 went up in flames.

**Replace that Leaky MUFFLER**

with a Safe, New One from **Western's!**

Your muffler doesn't move, but it performs two vital functions: It quiets your motor and passes the hot, poisonous exhaust gases back safely beyond your seat. When the acid and water formed by combustion collect—especially in slow driving—and eat through your muffler, you may be knocked unconscious by the fumes. WESTERN'S Mufflers are highly resistant to corrosion.
